Notes:

*Inspections: Number of completed inspections.

*QCs: Number of completed inspections that were quality checked by a PaRR QC Inspector.

*Avg QC Score: Average score for inspections that were quality checked by a PaRR QC Inspector. This score is based on a scale of 0-4 with 4 representing a perfect score. The score in parentheses is the average for all inspectors on that disaster.

*Avg Turnaround Time: Average time to complete all inspections. The score in parentheses is the average for all inspectors on that disaster.

*FCOR: Number of completed inspections that were returned for corrections by a FEMA Reviewer.

*CCOR: Number of completed inspections that were returned for corrections by a PaRR Reviewer.
